

## New representatives for Policy Committee

### ORACLE SUPERANNUATION PLAN

Following a recent request to Plan members, three valid nominations were received for the position of member-elected representative on the Plan's Policy Committee. As the number of candidates equalled the number of positions available, the Returning Officer declared them elected unopposed for a three-year term to 26 March 2019.

Congratulations to:

- **Pravesh Babhota** (Customer Management – new representative);
- **Juneed Ali** (Product Development – new representative); and
- **Mark Ferguson** (Managed Cloud Services – returning representative).

The Trustee wishes to thank past member-elected representative George Tanas for his contribution to the operation of the Plan.

The changes in the member-elected representatives also mean the addition of **Catherine Reynolds** (HR) as a Company-appointed representative on the Committee, joining **Gareth Hunt** (HR) and **Brett Reeves** (Finance).

The Policy Committee provides valuable input to the Trustee and represents the interests of members and the Company in the management of the Plan.
