Section 8. The duty to take reasonable care not to make a misrepresentation

When you apply for life insurance, we will ask you a number of questions.

Our questions will be clear and specific. They will be about things such as your health and medical history, occupation, income, lifestyle, pastimes, and other insurance.

The answers given in response to our questions are very important. We use them to decide if we can provide cover to you and, if we can, the terms of the cover and the premium we will charge.

Care must be taken to answer all questions we ask as part of your insurance application honestly and accurately.

Otherwise, you may not be able to rely on your insurance when it's needed the most.

The duty to take reasonable care

When applying for insurance, there is a duty to take reasonable care not to make a misrepresentation.

A misrepresentation could be made if an answer is given that is false, only partially true, or that does not fairly reflect the truth. This means when answering our questions, you should respond fully, honestly and accurately.

The duty to take reasonable care not to make a misrepresentation applies any time you answer our questions as part of an initial application for insurance, an application to extend or make changes to existing insurance, or an application to reinstate insurance.

You are responsible for all answers given, even if someone assists you with your application.

We may later investigate the answers given in your application, including at the time of a claim.

Consequences of not complying with the duty

If there is a failure to comply with the duty to take reasonable care not to make a misrepresentation, it can have serious consequences for your insurance, such as those explained below:

Potential consequences	Additional explanation	Impact on claims
<ul style="list-style-type: none">Your cover being avoided	This means your cover will be treated as if it never existed	Any claim that has been made will not be payable
<ul style="list-style-type: none">The amount of your cover being changed	Your cover level could be reduced	If a claim has been made, a lower benefit may be payable
<ul style="list-style-type: none">The terms of your cover being changed	We could, for example, add an exclusion to your cover meaning claims for certain events will not be payable	If a claim has been made for an event that is now excluded, it will not be payable

If we believe there has been a breach of the duty to take reasonable care not to make a misrepresentation, we will let you know our reasons and the information we rely on and give you an opportunity to provide an explanation.

In determining if there has been a breach of the duty, we will consider all relevant circumstances.

The rights we have if there has been a failure to comply with the duty will depend on factors such as what we would have done had a misrepresentation not been made during your application process and whether or not the misrepresentation was fraudulently made.

If we decide to take some action on your cover, we will advise you of our decision and the process to have this reviewed or make a complaint if you disagree with our decision.

Guidance for answering our questions

When answering our questions, please:

- Think carefully about each question before you answer. If you are unsure of the meaning of any question, please ask us before you respond.
- Answer every question that we ask you.
- Do not assume that we will contact your doctor for any medical information.
- Answer truthfully, accurately and completely. If you are unsure about whether you should include information, please include it or check with us.
- Review your application carefully. If someone else helped prepare your application (for example, your adviser), please check every answer (and make corrections if needed) before the application is submitted.

Other important information

Your application for cover will be treated as if you are applying for an individual 'consumer insurance contract'. For this reason, the duty to take reasonable care not to make a misrepresentation applies.

Before your cover starts, we may ask about any changes that mean you would now answer our questions differently. As any changes might require further assessment or investigation, it could save time if you let us know about any changes when they happen.

If after the cover starts, you think you may not have met your duty, please contact us immediately and we'll let you know whether it has any impact on the cover.

It's important that you understand this information and the questions we ask, so if you have any queries please contact us.

- I agree to be bound by the terms and conditions set out in the MetLife Group Insurance Policy.
